Electrical Contractor Books

Keep Information Within Easy Reach

Your purchasing agents need to bid on a job accurately, even when they’re nowhere near the office. Your service people are at the jobsite and your customers want timely estimates immediately. Your computer is either down or tied up, and you don’t have the time to search through manufacturer catalogs that are probably outdated. What you want is a reliable, convenient, and economical way to get product and pricing information quickly and efficiently.

Everything You Need at Your Fingertips

Compiled specifically for electrical contractors, Trade Service provides the most comprehensive data available, organized in simple and easy-to-use publications. Trade Service’s industry standard books are both portable and cost-effective, making them an ideal choice for contractors on the go.

4 SERVICES FOR 4 NEEDS

Bid and bill with confidence with the Electrical Trade Book®, instead of relying on distributors or past invoices. Get the UPC codes, short descriptions, packaging and units of measure information you need with the Electrical Supplies Price Directory™. Bill a customer at the time of service using the Electrical Price Guide® rather than calling the office or billing once a month. And have access to valuable information that thousands of electrical professionals have come to depend on – in the office or in the field – with the Electrical Sales and Service Manual®.
